

ASSAM LEGISLATIVE ASSEMBLY 2026

STARRED QUESTION NO. : 47

DATE OF REPLY : 08/07/2026

Subject : Registered Farmers

Name of MLA : M. Badruddin Ajmal :

Will the Minister of Agriculture Department be pleased to state:

- a) How many people are involved in agricultural activities in Assam ? What is the percentage of farmers in comparison to total population of Assam ?
- b) How many registered farmers are there in Assam ? Please provide district wise nos. of farmers.
- c) Is the Govt. aware that maximum genuine farmers are not registered in Agriculture Department ? If yes, what are the programs initiated by the Department till date, please furnish.

Answer

Hon'ble Minister of Agriculture, Shri Pijush Hazarika, will Reply:

- (a)** As per Agriculture census 2015-16, total number of Farm Families involved in agricultural activities in Assam is 2741711.

As per Economic Survey, Assam 2025-26, page no. 5, Agriculture is the main source of occupation and livelihood support to 70% rural population. **(Annexure-I)**

- (b)** Total number of registered farmers in Assam as per PM-KISAN portal is 18.59 lakh.

Total number of registered farmers in Assam as per Farmer Registry is 13.02 lakh.

It is pertinent to mention that due to lack of digitization of land records and Forest village it has not been possible to register all eligible farmers of the state. The state government is actively trying to resolve the issue in discussion with the Government of India.

The district wise list is annexed at **Annexure-II**.

- (c)** As on 29th June, 2026, 13.02 lakh citizens of Assam have been issued Farmer ID under the Farmers Registry. The Department is targeting to cover all the eligible farmers who received the 23rd installment of PM-KISAN benefit.

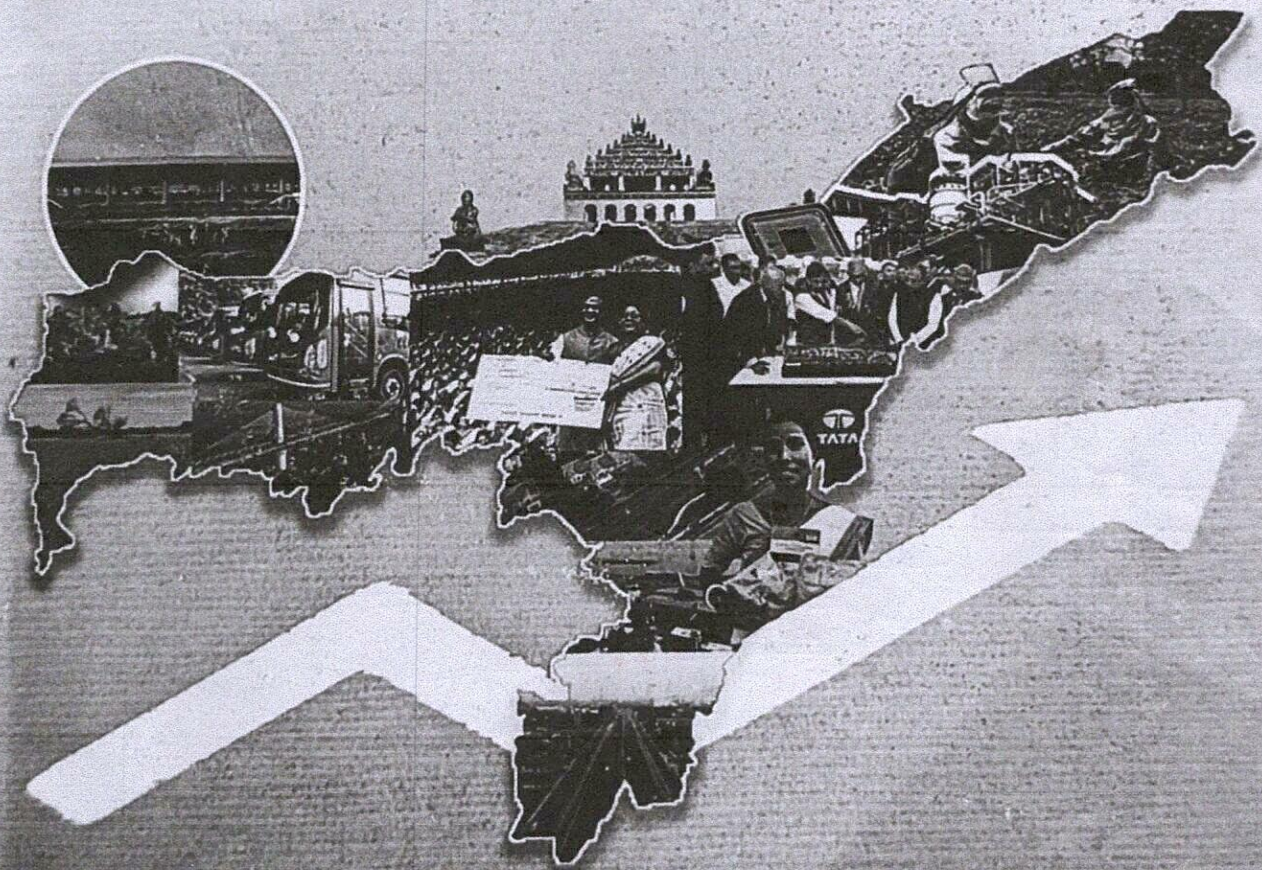

The Departments of Agriculture and the Department of Revenue, in collaboration are conducting joint campaigns, including camp-mode registration drives, to bring all eligible farmers under the ambit of the Farmers Registry. These efforts are also addressing long-pending land record digitization, thereby enabling genuine farmers to register and access various Government benefit programmes in a transparent manner.
