Operational Guidelines for "Rural Local Body Grants" Recommended by the 16th Finance Commission for its Award Period from 2026-27 to 2030-31

1. Introduction

- 1.1 The Sixteenth Finance Commission (FC-16) has recommended Rs. 4,35,236 crore as grants to Rural Local Bodies (RLBs) for the award period from 2026-27 to 2030-31. FC-16 in Volume-II of the Report has provided Year-wise and State-wise allocation under different components of Rural Local Body grants.
- 1.2 The Union Government vide 'Explanatory Memorandum' as to the Action Taken on the Recommendations made by FC-16 in its Report for the award period 2026-27 to 2030-31 has inter-alia accepted the recommendations of the FC-16 contained in Chapter 10 of its report (Volume I and Volume II) titled 'Local Body Grants'.
- 1.3 These guidelines are issued to operationalise the recommendations of FC-16 for Rural Local Body grants and to ensure their timely release and effective utilisation. These guidelines shall be applicable from the financial year 2026-27 to 2030-31.

2. Grants recommended -Quantum and Components

2.1 The FC-16 has recommended a total grant of Rs. 4,35,236 crore for duly constituted Rural Local Bodies, which is divided into Basic and Performance components in an 80:20 ratio. The Performance component is further divided into two equal halves, namely RLB Performance component and the State Performance component.

2.2 FC-16 has recommended that the RLB Performance grant will be released from the third year of the award period and that the State Performance component will begin in the second year. The Table below shows the quantum of RLB grants over the five years of the Commission's award period.

Rural Local Body Grant recommended by FC-16

(Rs. in crore)

Grant component	2026-27	2027-28	2028-29	2029-30	2030-31	Total (2026-31)
Basic	55,909	62,059	68,885	76,462	84,873	3,48,188
RLB Performance Component	0	0	13,023	14,455	16,046	43,524
State Performance Component	0	9,241	10,258	11,386	12,639	43,524
Total Grant	55,909	71,300	92,166	1,02,303	1,13,558	4,35,236

3. Distribution of Grants:

FC-16 has allocated RLB grants to all three levels of the RLBs, i.e., Gram Panchayat (GP), Block Panchayat (BP), and District Panchayat (DP). The distribution of RLB grants to States and further distribution to all three tiers of RLBs within the State are as follows:

3.1 Inter-se Share of States in RLB Grants

In making the State-level inter-se allocation, the FC-16 has assigned 90 per cent weight to the projected rural population in 2026 and 10 per cent to the total area of the State. Inter-se share of States in RLB grants is given in *Annexure-I*.

3.2 Inter-tier RLB grants sharing within the State

The distribution of grants to duly constituted RLBs of all tiers within each State is based on the latest accepted recommendations of the State Finance Commission (SFC). In the absence of SFC recommendations, the tier-wise distribution of RLB grants in percentage is given as follows:

Number of Tiers	Gram Panchayats	Block Panchayats	District Panchayats
Three	80 per cent	10 per cent	10 per cent
Two	90 per cent	—	10 per cent
One	100 per cent	—	—

3.3 Allocation within a particular tier of RLB

The distribution within a particular tier of RLB will be as per the latest accepted SFC recommendations or, in the absence of SFC recommendations, based on population and area in the ratio 90:10. The Basic grant is recommended during all five years of the award period, the RLB Performance grant will be accrued from the third to the fifth year and the State Performance grant from the second to the fifth year of the award period.

4. Treatment of Exempted Areas

To address needs equitably, FC-16 has treated the areas outside the purview of Part IX of the Constitution at par with local bodies in other areas. The concerned State Government will make allocations for these areas at par with the FC-16 recommendations with respect to the local bodies. The concerned State Government

shall allot the year-wise grants to these areas out of the total RLB grants due to a State in a year/award period of five years at the beginning of award period i.e. in 2026-27 itself and intimate the same to the Department of Expenditure, Ministry of Finance & the Ministry of Panchayati Raj. Accordingly, all the conditions stipulated (excluding the conditions of having duly elected bodies) for the release of grants under these guidelines shall be applied to areas outside the purview of Part IX of the Constitution.

5. Grants recommended for RLB

FC-16 has recommended the Basic and Performance grant components in the ratio of 80:20. State-wise share and amount of RLB grants are given in *Annexure-II(A)&(B)*.

5.1 Basic grant- Basic grant is further divided into Tied and Untied grants.

(a) **Tied Grant:** FC-16 has allocated 50% of the Basic grant for 'Sanitation and Solid Waste Management' and/or 'Water Management'. Flexibility is available within this component for RLBs to address their needs, including O&M expenditures for the aforesaid tied items.

(b) **Untied Grant:** Balance 50% of the Basic grant component is recommended by FC-16 for addressing locally identified needs at the RLB level. Basic grant can be utilised by RLBs under the twenty-nine subjects enshrined in the Eleventh Schedule of the Constitution.

5.2 Performance grant

In order to bolster the financial self-sufficiency of the local bodies and to ensure that States discharge their Constitutional obligations, the FC-16 has recommended Performance grants subject to the fulfilment of entry-level and qualifying conditions. The entire Performance grant shall be treated as untied. The Performance grant is divided into the following two components:

5.2.1 RLB Performance component: FC-16 underscored that Gram Panchayats have the necessary powers of taxation and levying user charges. Thus, based on the achievement of the minimum level of Own Source of Revenue (OSR); the local bodies will be eligible for the RLB Performance component grant.

5.2.2 State Performance component: While emphasising the primary responsibility of making adequate financial resources available to local bodies rests with the States, FC-16 has recommended the grant based upon the State transferring funds to RLBs from its own resources.

6. Conditions for release of the Grants

6.1 Entry-level conditions

The following three entry-level eligibility conditions must be fulfilled before the release of the RLB grant:

- i. There must be a duly constituted local body in place in accordance with Part IX of the Constitution. However, this condition shall not be applicable to RLBs/Local Tribal Bodies in States/areas where Part IX of the Constitution does not apply.
- ii. In the fiscal year 'T' (year for which the grant is recommended), there must be publicly available online provisional accounts of all RLBs of the State for the fiscal year T-1 and audited accounts for the fiscal year T-2. This condition will be applicable from the very first year of the award period. In cases where only a fraction of the RLBs meet this condition, the grant will be disbursed to the State in proportion to the local bodies that meet this condition.
- iii. State must comply with the Constitutional provision of forming the SFC on the expiry of five years from the formation of the previous SFC. The ATR must be tabled in the State legislature within 6 months of submission of the SFC report.

6.2 Qualifying conditions for the release of the RLB Performance component

After fulfilment of entry-level conditions, FC-16 has recommended that the RLB is entitled to avail Performance grants on satisfying the following conditions:

6.2.1 For Gram Panchayats

GP in fiscal year T, must raise in year T-1, a minimum 1.025 times its OSR in year T-2 or 2.5 per cent per annum compounded growth applied over the OSR of 2025-26, whichever is lower, subject to a minimum amount of Rs. 1200 per household per annum.

6.2.2 For Block Panchayats

Block Panchayats will qualify for the RLB performance component, if 75 per cent of Gram Panchayats within their jurisdiction qualify for the RLB performance grant.

6.2.3 For District Panchayats

To qualify for the grant in year T, District Panchayats must raise, in year T-1, a minimum of 1.025 times its OSR in year T-2 or 2.5 per cent per annum compounded growth applied over OSR of 2025-26, whichever is lower.

For the calculation of OSR (as mentioned in para 6.2) under the qualifying criteria for the release of the RLB Performance component, it is provided that interest receipts will not be considered in OSR.

A sample illustration for determining eligibility of RLBs for Performance grant may be seen at *Annexure-III*.

6.3 Qualifying conditions for the release of the State Performance component

FC-16 has recommended the State Performance component starting from the second year of the award period. To qualify for the grant in year T, the State must transfer from its own resources in the year T-1, grants to local bodies amounting to 20 per cent or more of the basic grant recommended by FC-16 for the year T-1. FC-16 also recommended that revenues assigned and shared statutorily with the local bodies by the State would be included in these transfers to ascertain the quantum of the transfers for this condition. In order to ascertain the exact quantum of funds transferred by the States to the Panchayats, States will be required to integrate their respective Treasuries with PFMS.

Note: The summary of eligibility Conditions and timelines for availing grants is given in Annexure-IV.

7. Limitations on the utilisation of RLB grants

7.1 RLB should not spend more than 20 per cent of the untied allocation on the construction and maintenance of roads (including but not limited to all types of paved surfaces such as bituminous/black-topped/asphalt, cement concrete/concrete, interlocking concrete block pavements, gravel, mud and so on).

7.2 Untied grants should not be used for the payment of salaries or other establishment-related expenditure. However, the expenditure on engagement of professional services, as empanelled by the CAG of India, for auditing and accounting functions in respect of RLBs may be borne from the Untied component of the 16th FC grants.

8. Resolution for specific activities

FC-16 has recommended that the Gram Sabha pass resolutions for specific activities to be undertaken under both tied and untied grants by a Gram Panchayat, and similar resolutions would be needed by Block Panchayats and District Panchayats as well. RLB will be deemed to be eligible for the release of the grant (tied and untied grant) on fulfilment of the following:

(i) Uploading of GPDP/BPDP/DPDP in e-GramSwaraj containing details of the Annual Action Plan of Village/Block/District by the RLBs in the common format as may be prescribed by the Ministry of Panchayati Raj (M/o PR)/Department of Drinking Water and Sanitation (D/o DW&S) jointly.

(ii) Uploading of details about utilization of FC-16 funds [both components] on the e-GramSwaraj Portal.

9. Treatment of Undisbursed Local Body Performance Component

If any of the conditionality (Para 6) is unfulfilled, the undisbursed portion of Performance grants would be disbursed according to the following methodology:

- (i) The undisbursed portion of RLB Performance grants, due to non-fulfilment of the condition(s), will be distributed to the performing RLBs of the same State.
- (ii) Undisbursed portion of the State Performance component due to the failure of a State to fulfil the conditionality would be distributed among the performing States according to the State-level inter se criteria.
- (iii) The distribution of the undisbursed Performance component of the grants, among the States and among the local bodies within a State, as the case may be, would follow the modalities mentioned in para-3 of these guidelines for the distribution of local body grants.

It is provided that in the case of the undisbursed portion of RLB/State Performance grants, the maximum amount per RLB will not exceed the annual allocation of the basic grant recommended by FC-16 to that RLB/State.

10. Grant Transfer Certificate

In order to maintain fiscal discipline in the transfer of funds to the RLBs/State, a Grant Transfer Certificate is a pre-requisite condition to release grants to the Rural Local Bodies. States need to furnish Grant Transfer Certificate for the last installment received from the Union Government in the format as prescribed at *Annexure-V* along with the claim of the subsequent installment to the M/oPR (for untied component), D/o DW&S (for tied component) and the Department of Expenditure, Ministry of Finance.

11. Modalities of Release of Grants

11.1 Basic Grants will be released by the Department of Expenditure, Government of India in two equal instalments each year subject to receipt of recommendations from the Nodal Ministry. The first instalment will be released in June and the second in October, upon receipt of the Grant Transfer Certificate of the previous installment. The Nodal Ministries (MoPR and DDWS) shall ensure that where a set of local bodies within the State meet the conditions, the grants due to them are recommended on pro-rata basis without waiting for the rest. The balance portion of grants will be released as and when the concerned RLBs become eligible on fulfilling the stipulates conditions.

11.2 Further, the Performance grant shall be released in single installments i.e. (i) the State Performance Grant in the month of June and its undisbursed portion in the month of October; (ii) RLB Performance Grant in the month of October and its undisbursed portion in the month of December (refer *Annexure-IV*).

11.3 State Governments shall ensure the transfer of these grants-in-aid to their respective local bodies within ten working days of their receipt from the Union Government. Any delay in this transfer beyond the stipulated ten working days shall obligate the State Governments to release the funds along with interest, calculated at the effective weighted rate of interest applicable to market borrowings/State Development Loans for the preceding financial year.

11.4 The State Governments shall transfer each installment of the RLB grants received from the Department of Expenditure (Finance Commission Division), Ministry of Finance, Government of India to all the concerned entities [GP/BP/ZP & Excluded Areas, if any] without any deduction.

12. Accounting and Audit

12.1 All RLBs shall follow the Model Accounting System (MAS) and maintain accounts through the e-Gram Swaraj platform and shall ensure that all the financial transactions (both receipt and expenditure) are carried out through eGramSwaraj PFMS Interface. The provisional accounts shall be audited annually through the AuditOnline application of MoPR. The State Panchayati Raj Departments are advised to submit an Action Taken Report (ATR) through the ATR Module developed in the AuditOnline Portal. The Technical Guidance and Supervision of CAG shall continue.

12.2 In the spirit of the recommendations of the FC-16, the accounts of RLBs should reflect Receipts and Expenditures from all streams, including Finance Commission grants, Central Sector Schemes, Centrally sponsored Schemes and own source of

pg. 7

revenues of the concerned RLBs for meeting the conditionality regarding availability of Accounts. In order to facilitate the timely preparation of financial accounts and to enable end-to-end accounting of transactions, the Ministry of Panchayati Raj will take all necessary actions, including the upgradation of e-Gramswaraj platform.

12.3 While recommending the release of grants to the Department of Expenditure, State Government and the Union Ministry of Panchayati Raj (M/o PR) will monitor the quality of audit certification. Special attention should be accorded to modified audit opinions (adverse or disclaimer opinions) reported in the Audit reports of the RLBs.

13. Measures for Performance Grants and OSR Reporting

13.1 States are advised to enact or amend their Own Source of Revenue (OSR) Rules to empower and enable the RLBs to generate OSR. States are required to undertake end-to-end onboarding on the SAMARTH Panchayat Portal, including system integration, user provisioning, and capacity building, to ensure accurate, consistent, and real-time OSR reporting across all RLBs. The onboarding process to be completed by the financial year 2026-27. The RLBs shall upload their Annual Revenue Plans on the SAMARTH Panchayat Portal annually. Further, OSR collection data shall be auto reflected either through direct onboarding or integration of existing State/local systems with effect from the financial year 2027-28 onwards.

13.2 In order to calculate OSR performance, the State governments will ensure timely and comprehensive uploading of OSR data on the SAMARTH Portal for FY 2025-26 onwards. MoPR shall operationalize requisite system provisions on the portal to enable granular capture of tax-wise and non tax-wise revenue details and household-level coverage.

13.3 Further, States are also advised to amend their Panchayati Raj Acts/Rules as well as other relevant Acts/Rules, to include clear provisions that institutionalize the sharing of taxes, duties, toll, fees and royalties etc. with Panchayats in line with the recommendations of FC-16. This would not only ensure equitable distribution across all levels of Panchayats but it would also help the States to become eligible for the State Performance grants.

14. Unspent balance of previous Finance Commissions

14.1 To avoid parking of funds, while forwarding the request for release of the 1st installment of RLB grants 2026-27, the State Government(s) shall ensure that there is no unspent balance available of the 14th Finance Commission or previous successive Commissions pending with the RLBs. Local bodies may utilise the unspent balance as

per the extant guidelines of the respective Finance Commission. The State Government will provide certification in this regard.

14.2 With regard to the unspent funds of the 15th Finance Commission (FC-15) available with RLBs, from the financial year 2028-29 onwards (i.e. 3rd year of the award period), M/o PR and D/o DW&S are advised not to recommend the release of grants to those local bodies who have unspent balance of the FC-15 exceeding 10% of the installment under consideration for release. Further, from the 4th year of the award period of FC-16, grants should be recommended by Nodal Ministries to only those local bodies having no unspent balance of the 15th Finance Commission.

15. Utilisation Report

15.1 States will certify in the Grant Transfer Certificate, along with the claim for the 2nd instalment of a year, that RLBs have utilized at least 50% of the grants released during the previous year for both tied and untied grants respectively. The States need to submit consolidated utilisation reports to the nodal ministry(ies) (M/o PR and D/o DW&S) and Department of Expenditure, Ministry of Finance, clearly indicating the items on which expenditure has been incurred in consonance with the guidelines.

15.2 A digital verification protocol may be developed and prescribed by M/o PR and D/o DW&S for determining compliance with the conditions of FC-16 in respect of the own source of revenue or expenditure from tied and untied grants.

16. Integration of FC-16 recommended Local bodies grants with PFMS

PFMS is interfaced with the treasury system of all States. States share the details of expenditure incurred against Government of India releases for various schemes and grants by mapping their expenditure heads with GoI schemes. In consonance with these guidelines, State Governments shall integrate their systems with PFMS, which will enable the data exchange of expenditures and receipts of the FC-16 RLB grants through PFMS/e-Gramswaraj portal. The information submitted by the State regarding the grant transfers will be validated by the M/o PR and D/o DW&S from PFMS before sending a recommendation to the Department of Expenditure for the release of funds

17. Role of Ministry of Panchayati Raj (M/o PR)

M/o PR, Govt. of India shall act as a nodal ministry for determining the eligibility of the RLBs for the Untied grant. It will assess compliance with the conditions and on the basis of the assessment, shall recommend the release of the grant to the Department of Expenditure, Ministry of Finance. It will also monitor the utilisation of the funds recommended by the FC-16 for RLBs and may also handhold and provide technical guidance to RLBs.

18. Role of the Department of Drinking Water & Sanitation (D/o DW&S)

D/o DW&S, Ministry of Jal Shakti, Govt. of India shall act as a nodal ministry for determining the eligibility of the RLBs for the Tied grant. The D/o DW&S shall recommend the release of tied grant to the Department of Expenditure, Ministry of Finance for the bodies/States which have complied with the relevant conditions, based on the information received from M/o PR and after assessment of the conditions as mentioned above. The D/o DW&S shall also handhold and provide technical guidance to the RLBs in utilization of the tied grant component or the schemes/technology to be adopted for efficient use of the funds.

19. Role of the Department of Expenditure, Ministry of Finance

Upon receipt of recommendations from the Nodal Ministries i.e. MoPR/DDW&S, the Department of Expenditure (FCD), Ministry of Finance shall release the due installment of grants to the States concerned, subject to fulfillment of all the conditions as stipulated in the guidelines above.

20. Convergence of FC-16 recommended funds

The FC-16 in Chapter 10 of its Report for the period 2026-27 to 2030-31 has inter-alia recommended tied grants for supporting and strengthening the delivery of basic services, which are national priorities like drinking water for all, sanitation, etc. The Government of India has also launched some schemes aimed at similar outcomes like Swachh Bharat Mission Grameen (SBM-G), Jal Jeevan Mission, etc. In order to sustain the achievements made in these schemes, all three levels of Government need to join hands in the spirit of Cooperative Federalism. Therefore, rural local bodies may utilise tied grant components in convergence with any other scheme aided by the Union Government with similar outcomes and jurisdiction with the ultimate aim to cover the maximum population within the jurisdiction of the concerned local body to improve the quality of the assets proposed to be constructed for the purpose.

However, 16th Finance Commission grants should not be used as a State share/contribution towards any particular scheme. While the Gram Panchayats shall

pg. 10

operate the tied grants for tapping locally available resources for achieving the objectives/goals, convergence with national schemes at block or district panchayats level

will ease the operations as well as resource transfer for such schemes. Therefore, Block Panchayats and District Panchayats may explore the possibility of such convergence within their respective jurisdiction.

21. Power to Relax: *Notwithstanding whatsoever has been mentioned above, the Department of Expenditure reserves the right to amend/relax any of the conditions/pre-conditions as may be deemed fit to cover any unforeseen event or in case of any exigencies or for any other reasons.*
