

**ASSAM LEGISLATIVE ASSEMBLY**  
**REPLY DATE – 07/07/2026**

**Unstarred Question No.** : 77  
**Sub** : JJM scheme etc.  
**MLA** : **SHERMAN ALI AHMED**

**Will the Minister of PHE Department be pleased to state:**

- (a) What are JJM scheme completed in Mandia LAC? Please furnish details in respect of cost, length of distribution line, no. FHTC, name of the contractor, financial progress for each project.
- (b) Is it true that most of the JJM schemes are defunct?
- (c) Would the Government be pleased to make them functional early?
- (d) Is the Government aware that the iron content in the water of village Tapajuli Pathar and Balikuri NC is very high and unfit for drinking?
- (e) In view of the above, would the Government be pleased to make the JJM scheme at Janata Bazar near Akhil Ghose house functional urgently and ensure connection of every household of the above two villages with FHTC?
- (f) Is it true that Kandapara PWSS is non functional ab-initio? If yes, why? Please furnish name of contractor and up-to-date payment made to the contractor along with cost and physical progress of the project.

**ANSWER**

**The Hon'ble Minister of Public Health Engineering Department Shri Krishnendu Paul will give the answer:**

(a) There are 112 nos. of completed schemes under Mandia LAC. Details of each scheme are attached as Annexure-A. (uploaded in NeVA portal)

(b) There are 4186 schemes out of 27,530 total schemes which are non-functional/defunct under JJM, Assam.

(c) Yes. Necessary action for restoration and early functionalization of the schemes has been initiated through utilization of the 15th Finance Commission (FC) Tied Grants at the Gram Panchayat level. Already the state of Assam has adopted an O&M policy under the accordence of the Hon'ble Cabinet and has been put into effect. Further, the damage to the pipeline caused due to widening of the PWD road is to be restored by the PWD. Upon completion of the restoration work, the affected schemes shall be made functional at the earliest.

(d) Yes. The Government is aware of the high iron content in the water of Tapajuli Pathar and Balikuri NC villages. To address this issue and ensure the supply of safe and potable drinking water, Water Treatment Plants have been installed under the respective PWSSs for removal of excess iron, and the treated water is being disinfected through chlorination before supply.

(e) The Janata Bazar Balikuri PWSS has been adversely affected due to damage to approximately 1,400 metres of pipeline caused by the widening of the PWD road, resulting in disruption of water supply to around 120 households. In this regard, official correspondence has already been made with the concerned PWD Division. The contractor engaged for the PWD work, who is also a contractor of the PHED, has assured that the damaged pipeline shall be restored by him. Further, upon completion of the ongoing PWD work and subject to the necessary departmental approval, the balance restoration work shall be executed as per the estimate submitted by the PHED. Thereafter, the scheme shall be restored to operational status at the earliest, and Functional Household Tap Connections (FHTCs) shall be provided to all eligible households under the scheme.

(f) Yes. The Kandapara PWSS is yet to be made functional as the scheme has not been completed by the contractor.

The details sought are as follows:

Name of Contractor : Shri Swapan Talukdar

Approved Cost of the scheme: Rs. 55.43 Lakh

Payment Released: Rs. 33.65 L

Physical Progress: 65%
