**Provisionally Starred Assembly Question Dy. No.18 to be
asked by Md. Badaruddin Ajmal, Hon'ble MLA.**

SUBJECT: Steps taken by Assam Police to Curb Cyber Crime in the State — Reply to Assembly Question

PART I — DEDICATED INVESTIGATIVE INFRASTRUCTURE

1.1 Cyber Police Stations

Two dedicated Cyber Police Stations are currently operational in the State:

(a) **CID Cyber Police Station, Ulubari, Guwahati** — functioning under the Crime Investigation Department, this station is the apex investigative unit for complex cybercrime in the State. It handles financial fraud, telecom-enabled fraud including SIM box and IMEI-cloning operations, digital arrest scams, predatory loan application cases, WhatsApp impersonation frauds, and matters referred by the Hon'ble Gauhati High Court, the Chief Minister's Office, CPGRAMS, and inter-agency coordination bodies.

(b) **Cyber Police Station, Pan Bazaar, Guwahati Commissionerate** — handling cybercrime registration and investigation for the Greater Guwahati urban jurisdiction under the Guwahati Police Commissionerate.

1.2 Cyber Crime Outposts

CID Cyber Police Station operates two Cyber Outposts extending its investigative reach beyond Guwahati:

- Cyber Outpost, Silchar — covering the Barak Valley and southern Assam
- Cyber Outpost, Dibrugarh — covering Upper Assam

These outposts ensure that citizens in geographically distant regions have accessible points of contact for cybercrime reporting and follow-up without being required to travel to Guwahati.

1.3 State Cyber Crime Coordination Centre (S4C)

In line with MHA directives, Assam Police is in the process of establishing the State Cyber Crime Coordination Centre (S4C), which will serve as the state-level nodal body for inter-agency coordination, data analytics, policy response, and convergence of district-level cybercrime data — mirroring the federal architecture of the Indian Cyber Crime Coordination Centre (I4C) at the national level.

PART II — INTELLIGENCE AND SOCIAL MEDIA MONITORING

2.1 SB Assam — Cyber Dome

The Special Branch, Assam has operationalised a Cyber Dome facility for real-time monitoring and intelligence collection across social media platforms. The Cyber Dome provides proactive situational awareness on emerging cybercrime trends, organised criminal networks operating through digital channels, online misinformation, and law-and-order threats emanating from the digital space. Intelligence generated by the Cyber Dome feeds into both preventive policing and active investigative support to the CID and district police units.

PART III — NATIONAL SCHEME INTEGRATION (I4C)

3.1 Indian Cyber Crime Coordination Centre (I4C)

Assam Police is an active participant in the national cybercrime framework administered by the Indian Cyber Crime Coordination Centre (I4C) under the Ministry of Home Affairs. Key I4C components operationalised in Assam or accessed by Assam Police include the following:

Cyber Crime Prevention against Women and Children Laboratory , Assam: Established on 28.06.2021, this laboratory provides early-stage cyber forensic assistance directly to Investigating Officers across the State. It significantly reduces dependency on the I4C's Delhi laboratory for routine forensic triage and enables faster investigation timelines for cases involving digital evidence. After that India's 2nd **National Forensics Science Laboratory-North East** was established in LBPA Dergaon in Aug 29 202.

Samanvay Platform: A web-based Joint Cybercrime Investigation Facility System that serves as a unified data repository and coordination platform for Law Enforcement Agencies. Its Pratibimb module enables geospatial mapping of criminal locations and crime infrastructure. Assam Police units utilise this platform for inter-state case linkage, suspect tracking, and analytics-based investigative leads.

Cyber Fraud Mitigation Centre (CFMC): A centralised operations centre at I4C, New Delhi, where representatives of major banks, financial intermediaries, payment aggregators, telecom service providers, and State/UT Law Enforcement Agencies work in a unified environment for immediate fraud interdiction. Assam Police maintains coordination with CFMC for urgent fund-hold and transaction freeze requests arising from cases reported in the State.

CyTrain MOOC Portal: I4C's online capacity-building platform for police and judicial officers, covering cyber investigation, forensics, and prosecution. Assam Police officers are enrolled on this portal for continuous professional development in cybercrime investigation.

3.2 Citizen Financial Cyber Fraud Reporting and Management System (CFCFRMS)

The CFCFRMS, operationalised under I4C, enables real-time reporting of financial fraud and immediate freezing of fraudulent transactions. For Assam, this system has saved financial amounts exceeding ₹65. 89 crores across more than 62,359 complaints since inception through both 1930 and NCRP. Assam Police is integrated with this system through the 1930 helpline and the National Cyber Crime Reporting Portal.

PART IV — COMPLAINT RECEIPT AND GRIEVANCE MANAGEMENT

4.1 Multi-Channel Complaint Ecosystem

Assam Police has established a multi-channel complaint receipt mechanism to ensure that no victim of cybercrime is left without a reporting avenue, regardless of digital literacy or geographic location. Complaints are received through the following channels:

- Helpline 1930 and the National Cyber Crime Reporting Portal (cybercrime.gov.in) — the primary 24x7 channels for all categories of cybercrime and financial fraud, enabling immediate response including real-time transaction freezing
- Walk-in complaints directly at Cyber Police Stations (Ulubari and Pan Bazaar) and Outposts (Silchar and Dibrugarh)
- Email addressed to the Cyber PS/CID
- CPGRAMS (Centralised Public Grievance Redress and Monitoring System)
- DGP Grievance Portal

- Social media escalations — complaints highlighted publicly on Twitter/X and Facebook are monitored and acted upon, with CID Cyber PS and the Cyber Dome tracking citizen-tagged grievances for immediate follow-up and referral

This omni-channel approach ensures rapid triage and minimises victim attrition due to reporting barriers.

PART V — CYBER COMMANDO PROGRAMME

The Cyber Commando Programme was launched by the Hon'ble Union Home Minister on 10.09.2024, with the Ministry of Home Affairs setting a national target of training approximately 5,000 Cyber Commandos across Defence forces and Police personnel over five years. These commandos constitute a specialised wing equipped to secure the digital space and serve as the first line of defence against rising cyber threats.

Assam Police's progress under this programme is as follows:

- 16 Cyber Commandos are currently deployed in the field, having completed their full training during 2024–25
- 32 additional personnel have completed their bridge course in 2025 and are slated to undergo full Cyber Commando training in 2026–27, which will substantially augment the State's operational cyber defence capacity upon completion

Cumulatively, Assam will have 48 trained Cyber Commandos upon completion of the 2026–27 batch till now, making it among the better-prepared states in the northeastern region under this programme.

PART VI — PUBLIC AWARENESS AND CAPACITY BUILDING

6.1 Public Awareness Campaigns

Assam Police has conducted extensive cybercrime awareness campaigns through multiple channels:

- Traditional and social media platforms including multilingual advisories
- School and college outreach programmes under the Cyber Surakshya campaign
- Cyber safety programmes targeting vulnerable groups including senior citizens, women, and rural populations
- Collaboration with the Department of Telecommunications and I4C on the Caller Tune Campaign (effective 19.12.2024), broadcasting awareness messages across Telecom Service Providers in English, Hindi, and regional languages. Six versions covering modus operandi — Digital Arrest, Investment Scam, Malware, Fake Loan Apps, Fake Social Media Advertisements — have been deployed

6.2 Joint Cyber Coordination Teams

Guwahati has been identified by I4C as one of the designated cybercrime hotspot coordination zones, and Assam Police participates in the Joint Cyber Coordination Teams framework that facilitates coordinated multi-state responses to organised cybercrime networks.

PART VII — LEGAL AND JUDICIAL FRAMEWORK

Cybercrime investigations are conducted under the provisions of the Bharatiya Nyaya Sanhita, 2023 (BNS), the Bharatiya Nagarik Suraksha Sanhita, 2023 (BNSS), the Information Technology Act, 2000, and the Prevention of Money Laundering Act, 2002,

as applicable. Assam Police also utilises Section 69A of the IT Act and Rule 9 of the IT (Procedure and Safeguards for Blocking of Access to Information by Public) Rules, 2009 for emergency content takedown and platform blocking in law-and-order situations. Freeze notices under Section 106 BNSS are issued against mule accounts identified during financial fraud investigations.

PART VIII — OUTCOME METRICS

[INSERT: Cybercrime FIRs registered: 2022 / 2023 / 2024 / 2025 — from PHQ/CID MIS] upto 30th June 2026- 48

[INSERT: Cases chargesheeted and conviction figures — from PHQ/CID MIS] upto 30th June 2026- CS-09, FR-05.

[INSERT: Amount Frozen and Restored to Victims through 1930 & NCRP (CFCFRMS), Assam: As of 30 June 2026, the 1930 Cyber Helpline and the National Cyber Crime Reporting Portal (NCRP), operating through the Citizen Financial Cyber Fraud Reporting and Management System (CFCFRMS), have facilitated the freezing and restoration of financial amounts exceeding ₹65.89 crore to victims in over 62,359 cyber fraud complaints since the system's inception, as per records of CID, Assam.

[INSERT: Total arrests made under cybercrime cases — from PHQ/CID MIS] upto 30th June 2026- 30

It is acknowledged that cybercrime conviction rates present a systemic challenge nationally and in Assam, primarily attributable to the cross-jurisdictional and technically complex nature of these offences, delays in obtaining data from intermediaries, and the evolving modus operandi of perpetrators. Assam Police is addressing this through enhanced forensic capacity dedicated investigation at the Cyber PS level, and coordination with the prosecution wing for effective trial support.

The total budget allocated for the Cyber Police Station is ₹46.56 Crore.
