Answer

The Hon'ble Minister, Revenue & D.M. Department Shri Keshab Mahanta will reply:

- (a) As per the reports received from the districts, the number of completely eroded villages by the river Brahmaputra and other tributaries in the state of Assam till date is 364 and partially eroded villages is 797. The measure of land eroded is approximately about 6,96,450 Bighas. The district wise data along with names of affected villages is annexed at Annexure I.
- (b) There is no provision to issue erosion affected certificate to families whose land has been eroded. The government undertakes the rehabilitation of families affected by riverbank erosion in accordance with prevailing policies and guidelines, subject to the availability of suitable government land and the fulfilment of prescribed eligibility criteria.
- (c) Clause 1.7(a) of the Land Policy, 2019 gives preference in allotment of Government land to indigenous cultivators rendered landless due to erosion and other natural calamities. Under Mission Basundhara (Criterion A.3), erosion-affected landless persons are eligible for regular settlement of Government Khas/Ceiling Surplus land and grant of Khiraj Myadi Patta, as per Notification No.RDM-12011(17)/5/2022-LR-REV-R&DM/100 dated 11.11.2022. Further, as per Govt. Notification No.RGR. (RRR) 582/2021/11 dated 21.07.2021 the erosion affected people are eligible for Rehabilitation Grant-House damage as per SDRF norms subject to their eligibility for getting allotment/settlement under the provisions of Land Policy, 2019. (copies of Notifications are attached at Annexure II)
- (d) As per reports received from concerned District Commissioners:

In Biswanath District, 27 erosion-affected landless families were allotted land (27 bighas in total) for their rehabilitation.

In Hojai District, a total of 40 erosion-affected families were settled at Thikadar Basti village. Out of which, 35 families received 1 katha of land allotment each in the year 2024 and 5 families received 2 kathas of land allotment each in the year 2018.

In Kamrup District, land pattas were allotted to 320 erosion-affected families of Nagarbera Village under Nagarbera Revenue Circle

In 1978, 52 families from Majuli who were affected by riverbank erosion were rehabilitated on ceiling government land at Amguri Grant under Gadhulibazar Mouza, within the Amguri Revenue Circle in Sivasagar district.

As per the records received from the Revenue Circles of Sonitpur, rehabilitation of erosion- affected families has been undertaken through different measures. As per the old records available since 1970 maintained by the Naduar Revenue Circle, erosion-affected families have been rehabilitated from time to time through allotment/settlement of Government land, wherever feasible, and at present approximately 500 erosion-affected families are residing on Government (Gupsar) land. As per the records received from the Tezpur Revenue Circle, phased measures have been undertaken to issue land pattas under the Basundhara Scheme to families affected by river erosion for their rehabilitation. Further, as per the records received from the Chariduar Revenue Circle, the erosion-affected families have rehabilitated themselves on their own and are presently residing at different locations.

- (e) No separate exemption exists for erosion-affected landless persons as a category. Eviction from Government Khas/waste land is governed by Rule 18(2) and 18(3)(a) of the Settlement Rules under the Assam Land and Revenue Regulation, 1886.
